Attendance

Attendance at Polaris is extremely important. If you miss a day, you miss 3 hours of valuable learning opportunities which will have to be made up on your own time. Unexcused absences will result in a ZERO for the day.

Curriculum

Students will complete courses in food safety, equipment use, vegetables, fruits, starches, meats, fish, egg cookery, and baking. They will also learn food production from preparing one dish to as many as a hundred at a time. Students will earn the ServSafe Food Handlers Certificate.

Personal Devices (cell phones, laptops)

Students may **not** use personal devices for any reason during the school day unless permission is given by instructor. Phones will be locked up during class.
